

STATOTHR

STATOTHR Dear

In following up our interview of last October, I have learned that our Director of Personnel has written to you advising you that the actual processing of your application has been started. I am pleased that we have been able to locate a definite position for you which is well suited to your interests and training.

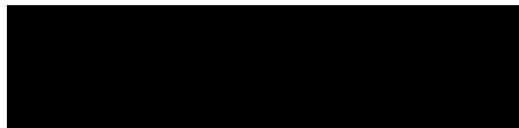

As you were told, our processing procedures are rather time-consuming. However, I trust the waiting period will not exceed three to four months. The Office of Personnel will keep you informed during this period of the status of your case, and I, too, will be in touch with you again.
